

COCANAILS UPSCALE SALON

Like a strong palm tree that bends but never breaks, Cocanails Upscale Salon is gaining distinction for its expert attention to nail care.

Owned by Chicago native, Tamara Jackson the salon represents the vision of its owner, who has been a Cobb County resident since shortly after graduating (with honors) from Grambling State University in 1999. After stints working for Sprint PCS, MCI Worldcom and property management, Tamara says that she was motivated by God to pursue her entrepreneurial spirit and open Cocanails Upscale Salon in the fall of 2011.

Since opening, Cocanails Upscale Salon has reinvented the typical nail salon experience. The salon is designed to allow women and men alike an opportunity to kick back and relax in a soothing, living room environment. Tamara and her team are dedicated to raising industry standards of customer care, quality service, and salon hygiene. With its reputation for nail care growing, Cocanails Upscale Salon has served hundreds of people in the Atlanta area and hopes to serve many more in the future.
